Overall Length:

9.828 inches

Overall Width:

5.703 inches

Overall Thickness:

0.220 inches

End Application:

An/asb-15

Special Features:

Material document and classification: transparent plastic sheet per mil-p-5425, finish a; painted black; input power 5 vac; connector plug ms90335-8; ms90335-8 farside; illumination ms90451-7152 as15 lamps w/integral red filters; fsc application data: aircraft bombing fire control component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
