**Overall Length:**

9.828 inches

**Overall Width:**

5.703 inches

**Overall Thickness:**

0.220 inches

**End Application:**

An/asb-15

**Special Features:**

Material document and classification: transparent plastic sheet per mil-p-5425, finish a; painted black; input power 5 vac; connector plug ms90335-8; ms90335-8 farside; illumination ms90451-7152 as15 lamps w/integral red filters; fsc application data: aircraft bombing fire control component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T122-b
