#### **Overall Length:**

9.828 inches

# **Overall Width:**

5.703 inches

# **Overall Thickness:**

0.220 inches

### **End Application:**

An/asb-15

#### **Special Features:**

Material document and classification: transparent plastic sheet per mil-p-5425, finish a; painted black; input power 5 vac; connector plug ms90335-8; ms90335-8 farside; illumination ms90451-7152 as15 lamps w/integral red filters; fsc application data: aircraft bombing fire

# control component

Shelf Life:

N/a

#### Unit Of Measure:

--

# Demilitarization:

No

# Fiig:

T122-b
