Overall Length:

5.510 inches

Overall Width:

2.380 inches

Overall Thickness:

0.310 inches

End Application:

An/aps-133 radar set

Special Features:

Panel to conform to bendix lighting specification 3608108 printed circuit board color-black; lamp type 6832a515, 5.0 volts; lighting specification 3608108-0005; fsc application data: control, radar, c10814a/aps-133

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
