Overall Length:

4.800 inches

Overall Height:

0.080 inches

Flange Width:

0.100 inches

Light Transmission Design:

Opaque lens

Product Name:

Lighting wedge

Special Features:

All edges are to be rough ground (unpolished); arc yellow airplane symbol 0.500 in w is to be centered on lens; surface treatment is a reflection reducing coating

Material:

Glass lens

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A528d0
