Hazardous Locations/environmental Protection:

Corrosion and rust resistant

Overall Length:

8.438 inches

Overall Diameter:

8.750 inches

Lamp Base Type Accommodated:

Three contact lugs

Lens Color:

Yellow

Lens Transparency:

Transparent

Light Beam Motion:

Flashing and rotating

Voltage Rating In Volts:

24.0 dc

Mounting Method:

Unthreaded hole

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

2 incandescent

Lens Type And Quantity:

1 dome, tapered

Lens Surface Condition:

Smooth back

Material:

Stainless steel body

Shape:

Round

Furnished Items And Quantity:

2 lamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
