Overall Length:

12.625 inches

Overall Height:

4.625 inches

Overall Width:

10.250 inches

Overall Diameter:

10.250 inches

Voltage Rating In Volts:

28.0 dc

Criticality Code Justification:

Feat

Special Features:

Retractable landing light actuator is designed to operate at .5 mach speed

Material:

Glass lens

Shape:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
