Overall Height:

6.300 inches

Overall Width:

5.687 inches

Dc Voltage Rating:

Not rated

Overall Thickness:

0.250 inches

End Application:

Illuminated du refuel control panel

Emitted Light Characteristic:

Green

Usage Design:

Refuel control

Indicator Type:

Fuse holder

Special Markings:

Refuel control, refuel master power, fuel main r&l, aux trans r&l

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T122-b
