**Overall Length:**

5.688 inches

**Overall Height:**

2.563 inches

**Ac Voltage Rating:**

5.0 volts

**Indicator Type:**

Light

**Panel Material:**

Plastic

**Special Features:**

Panel lighting shall meet requirements of military specification mil-I-85762, lighting, aircraft interior, aviators night vision imaging system (anvis) compatible

**Functional Description:**

Face plate, control panel 41788-1

**Special Markings:**

Cabin htr; vent; on; off; heat; off; hi

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T122-b
