Hazardous Locations/environmental Protection:

Shock resistant and vibration resistant and weatherproof

Overall Length:

1.030 inches

Overall Diameter:

1.800 inches

Voltage Rating In Volts:

Between 14.0 dc and 30.0 dc

Lens Surface Condition:

Matted face

Special Features:

Used on truck, 5-ton m939 series; light emitting diode. Amber

Material:

Plastic polycarbonate lens

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
