Overall Length:

48.000 inches

Overall Height:

3.750 inches

Overall Width:

10.000 inches

Wiring Provision Method:

Cable

Light Beam Motion:

Flashing

End Application:

Boat

Wiring Provision Length:

180.0 inches single provision

Voltage Rating In Volts:

24.0 dc

Mounting Method:

Magnetic

Lamp Type Accommodated And Quantity:

Stobe 8

Special Features:

Has up to 10 secondary warning lights; permanent magnet or heavy duty cup system mount; cable harness (2 8 gauge power cables and 16 low power 22 gauge function wires)

Material:

Aluminum body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
