Overall Length:

11.380 inches

Overall Diameter:

9.120 inches

Lamp Base Type Accommodated:

Medium side prong

Lens Color:

Amber

Light Beam Motion:

Rotating

End Application:

Inls

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Base

Features Provided:

Shock absorber

Lamp Type Accommodated And Quantity:

1 incandescent

Lens Type And Quantity:

1 dome, plain

Product Name:

Mounting base, elect

Special Features:

Federal signal 371 commander rotating warning light with shock mount kit provided.

Material:

Glass lens

Surface Treatment:

Epoxy body

Shape:

Tapered

Furnished Items And Quantity:

1 mounting kit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
