Electric Light Control - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6220-01-531-7161

End Application
End Application:
Ac-17a aircraft
Voltage In Volts And Current Type:
28.0 dc
Product Name:
Dimmer, infrared, cargo comapartment
Special Features:
Continuous control of light intensity for infrared diodes from a level to extinguish.
Style Designator:
Dimmer
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07600
