Overall Length:

7.188 inches

Overall Height:

2.219 inches

Overall Width:

5.969 inches

Lamp Base Type Accommodated:

Cylindrical

Lens Color:

Red

End Application:

Used on non-tactical and tactical fighting vehicles

Voltage Rating In Volts:

Between 10.0 dc and 34.0 dc

Lamp Type Accommodated And Quantity:

1 light emitting diode

Special Features:

Use led lamp (100, 000 hrs), cover hermetically sealed to housing, composite led rear s/t/t lamp only - desert tan housing

Material:

Plastic polycarbonate lens

Shape:

Teardrop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
