End Application:

Used on non-tactical and tactical fighting vehicles

Voltage Rating In Volts:

Between 10.0 dc and 34.0 dc

Lamp Type Accommodated And Quantity:

Light emitting diode, 1

Special Features:

Use led lamp (100, 000 hrs), cover hermetically sealed to housing, composite led rear s/t/t lamp w/ bucket - green housing

Material:

Plastic polycarbonate lens

Shape:

Teardrop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
