Overall Length:

8.100 inches

Overall Height:

3.860 inches

Overall Width:

7.430 inches

Voltage Rating In Volts:

28.0 dc

Mounting Method:

Unthreaded hole

Special Features:

Smci certification to as9100 rev b/iso9001/2000; mounted right side; heat resistant glass; water resistance; cxcyglight, wing scan light

Material:

Aluminum alloy 6061 body

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
