Hazardous Locations/environmental Protection:

Dripproof and shock resistant

End Application:

Multifunction displays

Product Name:

Led indicator light

Special Features:

Quick-connect common termination system (cts); indicator body portion only; solderless; 28vdc; common anode

Supplementary Features:

Fully qualified to mil-prf-22885/108; iso 9001 registered; unsealed emi shielded; nvis 2 section pushbutton

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A065a0

Mil-std (military Standard):

Mil-prf-22885 spec.
