Filter Color:

Amber

Lens Transparency:

Transparent

Mounting Base Length:

17.312 inches

Mounting Base Width:

7.000 inches

Mounting Base Height:

6.250 inches

Light Beam Motion:

Rotating

Voltage Rating In Volts:

Between 12.0 dc and 24.0 dc

Mounting Method:

Base

Lens Type And Quantity:

2 cylindrical

Special Features:

2 alternating beacons mounted on a single base with amber color; 3 amps; 40 watts output; permanent mount; strobe

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
