Overall Length:

2.007 inches

End Application:

E3 4045 aircraft I1 through I6

Emitted Light Characteristic:

Green

Bulb Style:

Gtl (globular, tubular, lens end)

Product Name:

Light, led

Special Features:

Mounting hole diam. 0.315 in., ip rating: ip68, termination: flying leads, terminals: loop hole tag, forward voltage: 110 v, current: 5 ma, supply freq. 50 to 60 hz., clear diffused lens, 60 degrees viewing angle, oper. Temp. Minus 40 to 85 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07900
