**Overall Length:**

2.007 inches

**End Application:**

E3 4045 aircraft I1 through I6

**Emitted Light Characteristic:**

Green

**Bulb Style:**

Gtl (globular, tubular, lens end)

**Product Name:**

Light, led

**Special Features:**

Mounting hole diam. 0.315 in., ip rating: ip68, termination: flying leads, terminals: loop hole tag, forward voltage: 110 v, current: 5 ma, supply freq. 50 to 60 hz., clear diffused lens, 60 degrees viewing angle, oper. Temp. Minus 40 to 85 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07900
