Light Emitting Diode Lamp - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6220-01-632-5778

Overall Length:
2.007 inches
End Application:
E3 4045 aircraft I1 through I6
Emitted Light Characteristic:
Green
Bulb Style:
Gtl (globular, tubular, lens end)
Product Name:
Light, led
Special Features:
Mounting hole diam. 0.315 in., ip rating: ip68, termination: flying leads, terminals: loop hole tag, forward voltage: 110 v, current: 5 ma,
supply freq. 50 to 60 hz., clear diffused lens, 60 degrees viewing angle, oper. Temp. Minus 40 to 85 degrees c
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A07900
