| Overall Length: |
|---------------------------------------------------------------------------------------------------------------------------------------------|
| 2.007 inches |
| End Application: |
| E3 4045 aircraft I1 through I6 |
| Emitted Light Characteristic: |
| Green |
| Bulb Style: |
| Gtl (globular, tubular, lens end) |
| Product Name: |
| Light, led |
| Special Features: |
| Mounting hole diam. 0.315 in., ip rating: ip68, termination: flying leads, terminals: loop hole tag, forward voltage: 110 v, current: 5 ma, |
| supply freq. 50 to 60 hz., clear diffused lens, 60 degrees viewing angle, oper. Temp. Minus 40 to 85 degrees c |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| - |
| Demilitarization: |
| No |
| Fiig: |
| A07900 |
| |
| |
