Hazardous Locations/environmental Protection:

Any acceptable

Overall Length:

12.906 inches

Overall Height:

15.703 inches

Overall Width:

Any acceptable

Lamp Base Type Accommodated:

Miniature bipin

Wiring Provision Method:

Cable

Illumination Directing Device Type:

Internal reflector

Wiring Provision Length:

120.0 inches single provision

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Base

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

1 fluorescent

Special Features:

Gray, fed-std-595, no. 16307, body

Material:

Aluminum body

Unpackaged Unit Weight:

11.625 pounds

Surface Treatment:

Enamel reflector

Furnished Items And Quantity:

1 lamp

Terminal Type And Quantity:

1 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
