Overall Length:

10.750 inches

Overall Height:

8.750 inches

Overall Width:

9.563 inches

Component Quantity:

2

Locking Device:

Not included

Component Controlling Agency:

Jcens; standard electrical products co

Component Name:

Battery; spot light assembly

Component Identifying Number:

8077 part no. And ba-207/6 type no.

Handle Quantity:

1

Handle Location:

Top

Material:

Steel

Surface Treatment:

Paint

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
