Overall Length:

36.000 inches

Overall Height:

3.250 inches

Overall Width:

6.750 inches

Lamp Base Type Accommodated:

Medium screw

Wiring Provision Method:

Cable assembly

Illumination Directing Device Type:

Reflector

Light Adjustment Method:

Flexible gooseneck arm

Wiring Provision Length:

96.000 inches single provision

Voltage Rating In Volts:

Between 110.0 ac and 125.0 ac

Mounting Method:

Clamp

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

1 incandescent

Material:

Steel body

Surface Treatment:

Enamel body

Specification Or Standard:

2 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
