Overall Height:

34.000 inches

Overall Diameter:

16.000 inches

Lamp Base Type Accommodated:

Medium screw

Mounting Base Length:

10.000 inches

Mounting Base Width:

10.000 inches

Mounting Base Height:

0.750 inches

Illumination Directing Device Type:

Shade

Wiring Provision Length:

96.000 inches single provision

Voltage Rating In Volts:

115.0 ac

Mounting Method:

Base

Lamp Type Accommodated And Quantity:

1 incandescent

Extra Long Reference Number:

7110-fpi-3373 walnut grain w/yellow trim

Special Features:

Simulated walnut finish with yellow plastic center panels

Material:

Wood body

Surface Treatment:

Plastic vinyl body

Furnished Items And Quantity:

1 power cable

Terminal Type And Quantity:

2 connector, plug

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
