Lamp Base Type Accommodated:

Medium screw

Wiring Provision Method:

Cable assembly

Illumination Directing Device Type:

External reflector

Light Adjustment Method:

Rigid sectional arm

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Base

Lamp Type Accommodated And Quantity:

1 incandescent

Material:

Steel reflector

Terminal Type And Quantity:

1 connector, plug, external, standard parallel, 2 blade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
