Light Beam Motion:

Fixed

Voltage Rating In Volts:

220.0 ac

Special Features:

Equipped with a 1000 or 1500 watt metal halide lamp that projects a light up to 1500 ft with a spread of up to 1000 ft; will illuminate up to 110, 000 sq ft; enclosed ballast converts the 110 volt primary to 480 volts to ignite bulb then regulates the current back to 220 volts for operation

Material:

Steel body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
