Lamp Base Type Accommodated:

Medium bipin

Wiring Provision Method:

Cable assembly

Illumination Directing Device Type:

External reflector

Light Adjustment Method:

Flexible gooseneck arm

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Base

Features Provided:

Switch

Lamp Type Accommodated And Quantity:

1 fluorescent

Material:

Aluminum alloy reflector

Surface Treatment:

Epoxy base

Terminal Type And Quantity:

1 connector, plug, external, standard parallel, 2 blade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
