Overall Length:

5.826 inches

Overall Diameter:

4.330 inches

Lamp Base Type Accommodated:

Two screw terminals

Lens Color:

Colorless

Wiring Provision Method:

Cable

Light Beam Motion:

Fixed

End Application:

41ft. Utb; 44ft. Mlb

Wiring Provision Length:

120.0 inches single provision

Voltage Rating In Volts:

24.0 dc

Features Provided:

Watertight seal

Lamp Type Accommodated And Quantity:

1 incandescent

Lens Type And Quantity:

1 convex, semi-dome

Lamp Protection Device:

Open end guard

Lens Surface Condition:

Smooth face

Special Features:

On/off switch with morse facility

Material:

Rubber synthetic body

Shape:

Tapered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
