Hazardous Locations/environmental Protection:

Dripproof

Overall Length:

18.000 inches

Overall Height:

4.812 inches

Overall Width:

14.000 inches

Lamp Base Type Accommodated:

Medium bipin

Mounting Base Length:

10.812 inches

Mounting Base Width:

4.812 inches

Illumination Directing Device Type:

Diffusing cover glass

Voltage Rating In Volts:

120.0 ac

Mounting Method:

Base

Features Provided:

Removable light filter and switch

Lamp Type Accommodated And Quantity:

2 fluorescent

Special Features:

Red filter

Material:

Aluminum alloy reflector

Surface Treatment:

Paint reflector

Furnished Items And Quantity:

2 lamp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
