Overall Length:

4.600 inches

Overall Diameter:

3.100 inches

Lamp Base Type Accommodated:

Miniature two pin

Lens Color:

Colorless

Lens Transparency:

Transparent

End Application:

Pylon assembly

Voltage Rating In Volts:

24.0 dc

Mounting Method:

Bracket

Lens Type And Quantity:

1 convex, semi-dome

Lens Surface Condition:

Any acceptable face

Product Name:

Rite lite

Special Features:

Includes helmet mounting bracket; depth rating of 3250 ft.; reflector shape is convex

Material:

Plastic body

Surface Treatment:

Epoxy body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06300
