| Overall Length:                          |
|------------------------------------------|
| 9.375 inches                             |
| Filament Designation:                    |
| Cc-8                                     |
| Light Output Rating:                     |
| 9500.000 lumens single rating            |
| Average Life Rating In Hours:            |
| 1000.0                                   |
| Filament Heavy Duty Service Rating:      |
| Not rated                                |
| Emitted Light Characteristic:            |
| White                                    |
| Light Center Length:                     |
| 7.000 inches                             |
| Voltage Rating:                          |
| 130.000 volts                            |
| Wattage Rating:                          |
| 500.000 watts                            |
| Base Style:                              |
| Mogul screw                              |
| Bulb Style:                              |
| Ps (pear shape, straight neck)           |
| Bulb Designator:                         |
| Ps-35                                    |
| Bulb Light Transmission Characteristic:  |
| Translucent                              |
| Rated Average Life:                      |
| Hours                                    |
| Burning Position:                        |
| Any acceptable                           |
| Specification Data:                      |
| 08108-500/if-130v manufacturers standard |
| Shelf Life:                              |
| N/a                                      |
