Overall Length:

0.728 inches

Filament Designation:

C-2

Filament Heavy Duty Service Rating:

Not rated

Emitted Light Characteristic:

White

Base Style:

Surgical screw

Bulb Style:

T (tubular)

Bulb Designator:

T-1 1/2

Bulb Light Transmission Characteristic:

Transparent

Current Rating For Which Designed:

0.320 amperes

Rated Average Life:

Indefinite long

Burning Position:

Any acceptable

Special Features:

Tungsten filament material

Supplementary Features:

Note to requisitioner: item should be ordered in increments of 6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
