Overall Length:

11.000 inches

Wire Lead Length:

12.000 inches

Light Output Rating:

40.000 absolute years single rating

End Application:

Used on 24 inch searchlight aboard 210 ft wmec coast guard vessels

Emitted Light Characteristic:

White

Voltage Rating:

55.000 pounds per hour wet

Wattage Rating:

2500.000 watts

Base Style:

Flexible wire leads

Bulb Style:

Bt (bulged tubular)

Bulb Designator:

Bt-23/8

Bulb Light Transmission Characteristic:

Transparent

Light Intensity Distribution Feature:

Reflective bowl

Rated Average Life:

Not rated

Burning Position:

Vertical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07900
