End Application:

Memorase c-90 or c-91 models

Emitted Light Characteristic:

Ultraviolet

Voltage Rating:

115.000 volts and 220.000 volts

Base Style:

Spade single contact terminal

Bulb Style:

Horizontal array

Bulb Light Transmission Characteristic:

Translucent

Light Intensity Distribution Feature:

Grid

Burning Position:

Horizontal

Special Features:

Operates in the short wave ultra violet range

Supplementary Features:

May cause eye or skin to sunburn if unprotected

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
