Overall Length:

2.188 inches

Filament Designation:

Cc-6

Filament Heavy Duty Service Rating:

Not rated

Emitted Light Characteristic:

Natural

Voltage Rating:

28.000 volts

Wattage Rating:

21.000 watts

Base Style:

Single contact bayonet candelabra

Bulb Style:

G (globular)

Bulb Designator:

Gg-10

Bulb Light Transmission Characteristic:

Translucent

Current Rating For Which Designed:

0.750 amperes

Rated Average Life:

Not rated

Burning Position:

Any acceptable

Special Features:

Silvered on approximately 65 percent of the glass surface

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07900
