Lens Color:

Green

Cartridge Style:

Short stovepipe

Cartridgelength:

0.935 inches

Cartridgediameter:

0.335 inches

Primary Lamp Type:

Light emitting diode

Base Style:

Cartridge two pin polarized

Lens Light Transmission Characteristic:

Transparent

Forward Voltage Rating In Volts And Current Type:

28.000 dc

Rated Average Life:

Indefinite long

Special Features:

10-20 ma; green diode

Material:

Plastic sleeve

Material:

Plastic sleeve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
