Overall Length:

5.500 inches

Filament Designation:

C-8

Filament Heavy Duty Service Rating:

Not rated

End Application:

Navigational light, 1170re

Emitted Light Characteristic:

Colorless

Light Center Length:

2.375 inches

Voltage Rating:

120.000 volts

Wattage Rating:

60.000 watts

Base Style:

Medium prefocus

Bulb Style:

T (tubular)

Bulb Designator:

T-10

Bulb Light Transmission Characteristic:

Transparent

Current Rating For Which Designed:

2.000 amperes

Rated Average Life:

Not rated

Burning Position:

Any acceptable

Special Features:

Vessel application - wpb 82 ft u. S. Coast guard vessels

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
