Overall Length:

0.485 inches

Overall Diameter:

Between 0.438 inches and 0.439 inches

Unthreaded Mounting Hole Diameter:

0.297 inches single mounting facility

End Application:

F-16 aircraft; block 50

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Special Features:

Two 30 degree bayonet type slots

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t351 federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
