Overall Length:

1.620 inches

Overall Height:

0.500 inches

Overall Width:

0.622 inches

End Application:

Block 50, aircraft, f-16

Special Features:

Surface treatment is dyed black

Material:

Aluminum alloy 6061

Material Specification:

Sae-ams-qq-a-250/11, t651 assn standard single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 2 military specification single treatment response

Style Designator:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0

Mil-std (military Standard):

Mil-a-8625 spec.
