Emitted Light Characteristic:

Infrared

Voltage Rating:

28.000 volts

Current Rating For Which Designed:

0.080 amperes

Test Data Document:

1mz58-20619948 standard (includes industry or association standards, individual manufactureer standards, etc.).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
