**Overall Length:**

1.190 inches

**Bulb Diameter:**

0.430 inches

**Average Life Rating In Hours:**

7000.0

**End Application:**

Panel control 440vac, 60hz, 3ph, nema 4x sstl wp

**Voltage Rating:**

130.000 volts

**Features Provided:**

Carbon filament

**Base Style:**

Single contact bayonet candelabra

**Bulb Style:**

B (arbitrary designation)

**Bulb Designator:**

T-3 1/4

**Current Rating For Which Designed:**

22.000 milliamperes

**Rated Average Life:**

Hours

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07900
