Overall Length:

0.985 inches

Overall Diameter:

0.516 inches

Unable To Decode:

Unable to decode and unable to decode

End Application:

Radar set

Product Name:

Lamp, light emitting diode

Special Features:

Type of lens = flat 100 degrees view angle; anti-reflective coating; emi screen

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07900
