Body Material:

Porcelain

Terminal Quantity:

1

Terminal Type:

Wire lead

Hazardous Locations/environmental Protection:

Any acceptable

Wattage Rating In Watts:

660.0

Outside Diameter:

1.500 inches

Overall Height:

1.688 inches

Mounting Device Quantity:

2

Mounting Method:

Threaded holes

Shell Material:

Copper

Lamp Base Type Accommodated:

Medium screw

Shell Surface Treatment:

Nickel plated

Mounting Feature Type:

Surface

Wiring Provision Length:

18.000 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A09400
