**Terminal Quantity:**

6

**Terminal Type:**

Screw

**Overall Length:**

6.000 inches

**Overall Height:**

2.750 inches

**Overall Width:**

2.380 inches

**End Application:**

Searchlight assembly 6260002329979

**Special Features:**

When 20 amps pass between terminals 1 and 2 there shall be continuity between terminals 5 and 6, less than 5 amps no continuity between 5 and 6; when 100 amps pass between terminals 1 and 2 voltage v12 to be 1.0 volts max; when 7kv 250khz applied across terminals 3 and 4 voltage across terminals 1 and 2 to be 30, 000 volts min

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T316-c
