Terminal Quantity:

6

Terminal Type:

Screw

Overall Length:

6.000 inches

Overall Height:

2.750 inches

Overall Width:

2.380 inches

End Application:

Searchlight assembly 6260002329979

Special Features:

When 20 amps pass between terminals 1 and 2 there shall be continuity between terminals 5 and 6, less than 5 amps no continuity between 5 and 6; when 100 amps pass between terminals 1 and 2 voltage v12 to be 1.0 volts max; when 7kv 250khz applied across terminals 3 and 4 voltage across terminals 1 and 2 to be 30, 000 volts min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T316-c
