Body Material:

Plastic

Terminal Quantity:

2

Terminal Type:

Tab, solder lug

Hazardous Locations/environmental Protection:

Not rated

Overall Length:

1.437 inches

Wattage Rating In Watts:

750.0

Outside Diameter:

1.062 inches

Mounting Device Quantity:

1

Mounting Method:

Threaded bushing

Shell Material:

Brass

Lamp Base Type Accommodated:

Double contact bayonet candelabra

Shell Surface Treatment:

Nickel plated

Current Rating In Amps:

6.0

Voltage In Volts:

125.0

Special Features:

0.812 in. Diameter hole required for mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09400
