Body Material:

Plastic

Terminal Quantity:

2

Terminal Type:

Wire lead

Hazardous Locations/environmental Protection:

Not rated

Overall Length:

1.125 inches

Wattage Rating In Watts:

660.0

Outside Diameter:

1.125 inches

Center To Center Distance Between Mounting Holes:

0.625 inches

Mounting Device Quantity:

2

Mounting Method:

Threaded holes

Lamp Base Type Accommodated:

Wire terminals, down

Mounting Feature Type:

Surface

Wiring Provision Length:

15.000 inches

Voltage In Volts:

600.0

Special Features:

Mtg holes 6-32 thd size

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09400
