Terminal Quantity:

2

Terminal Type:

Wire lead

Hazardous Locations/environmental Protection:

Not rated

Width:

1.000 inches

Overall Length:

2.250 inches

Wattage Rating In Watts:

300.0

Overall Height:

1.960 inches

Overall Width:

2.160 inches

Length:

1.990 inches

Mounting Device Quantity:

1

Mounting Method:

Bracket

Shell Surface Treatment:

Nickel plated

Mounting Feature Type:

Surface

Wiring Provision Length:

4.000 inches

Current Rating In Amps:

12.0

Voltage In Volts:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A09400
